## Madrasah Bahasa Korea

Kurikulum Diniyah Takmiliyah Awaliyah, as one of the most important educational asset in Indonesia today. Drawing upon the rich Islamic heritage throughout the ages, the curriculum reflects the specific style of learning of each Islamic educational institution, just like how each madrasah has its own peculiar patterns of teaching, learning, and training. The curriculum focuses on three main areas, namely, 1) the study of Halal (permissible) knowledge, 2) the study of Haram (forbidden) knowledge, and 3) the study of Hikmah (spiritual wisdom) or Hidayah. The curriculum is Islamic because the study is based on the use of the Hadith (Prophetic Tradition) as the main source of knowledge and upon the teachings of the Holy Qur'an, Sunnah, and Ijma (consensus). Other than this, the curriculum is also based on the madrasah's own qualifications, such as the quality of the teaching, learning tools, the dormitories, and the madrasah's ethos (the spirit or philosophy of the madrasah).
